

Broadcast Technician

March 2024

Job Title: Broadcast Technician

Reports To: Head of Programming

Summary:

We are seeking a skilled and passionate Broadcast Technician to join our dynamic team at Dublin City FM, a local radio station committed to providing high-quality programming and engaging with our listeners. As a Broadcast Technician, you will play a crucial role in ensuring the smooth operation of our broadcast equipment and the delivery of exceptional radio broadcasts to our audience.

Responsibilities:

- Record and edit audio segments for radio programming
- Monitor and adjust audio levels to ensure clear and consistent broadcasts
- Troubleshoot and report technical issues to ensure the station's equipment is functioning optimally
- Respond to volunteer's programming queries
- Update playlists as requested
- Assist with the installation and setup of new equipment and systems
- Collaborate with other station staff to ensure smooth production of radio programmes

Qualifications:

- Proficiency in radio broadcast equipment, including audio mixing consoles and software
- Strong troubleshooting and problem-solving skills
- Ability to work independently and as part of a team
- Excellent communication and interpersonal skills
- Ability to work in a fast-paced and deadline-driven environment

Benefits:

- Opportunity to contribute to a dynamic and creative radio programme.
- Expand your network of professionals in the local community.
- Make a positive impact on the lives of our listeners and community.
- Training on our equipment, software and systems

Hours:

Flexible

Application:

If you are an audio nerd and a team player, we would love to hear from you! Head to dublincityfm.ie/volunteer to apply, outlining your interest in the position and highlighting your relevant skills and experience.
